NOTICE OF OPPORTUNITY TO REQUEST A PUBLIC COMMENT PERIOD ON A PERMIT APPLICATION TO MODIFY A PERMIT TO CONSTRUCT

In compliance with Section 58.01.01.209, Rules for the Control of Air Pollution in Idaho, notice is hereby given that The Amalgamated Sugar Company in Paul, Idaho, has applied to the Department of Environmental Quality (DEQ) to modify its permit to construct to increase the facility's boiler steaming rate to provide additional steam to process 64,000 tons of additional thick juice produced during the 2006 beet campaign. This is a one time increase and will only be allowed for the additional thick juice processing. No emissions increase equals or exceeds significant levels. The facility, which produces granulated sugar from sugar beet is located at 50 S. 500 W., Paul, Idaho. A public comment period on the proposed modified permit No.P-2007.0023 will be provided if a written request is submitted on or before March 29, 2007, directed to Joan Lechtenberg, Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255, or joan.lechtenberg@deq.idaho.gov or to the DEQ website; www.deq.idaho.gov. Please reference the company name and permit number when sending the request.

The modified permit application materials submitted by the facility are available for public review on DEQ's website. All information regarding this matter from this notice forward will only be available at www.deq.idaho.gov. You may elect to sign on to DEQ's website list server and receive electronic information automatically. If you do not have access to the internet you may review the materials on our website at the DEQ Regional Office at 1363 Fillmore, Twin Falls, Idaho.

DATED this 7th day of March 2007,

Joan Lechtenberg
Air Quality Division
